Town of Madison - Site Plan Development Regulations

Site Plan Review Law - Commercial and Industrial Developments

Article I

Introductory Provisions

Section 1.0 Enactment. The Town Board of the Town of Madison, Madison County, New York, does hereby ordain and enact the Town of Madison Site Plan Review Law pursuant to the authority and provisions of section 10 of the Municipal Home Rule Law and section 274-a of the Town Law.

1.1 Intent and purpose. Through site plan review, it is the intent of this local law to promote the health, safety and general welfare of the Town. It is further the intent of this local law to ensure optimum overall conservation, protection, preservation, development and use of the natural and man-related resources of the Town, by regulating land use activity within the Town through review and approval of site plans. It is not the intent of this local law to prohibit any land use activity but to allow all land use activities which will meet the standards set forth in this local law.

1.2 Authorization of Planning Board to review site plans. The Planning Board is hereby authorized to review and approve or disapprove site plans for land uses within the Town as hereinafter designated pursuant to and in accordance with the standards and procedures set forth in this local law.

Article II

Applicability

Section 2.0 Applicability of review requirements. All new Commercial and Industrial developments that disturb a minimum of three (3) acres or the construction or modification of structures over 2000 square feet including accessory structures on new or existing sites. The following items will be reviewed during site plan review by the Planning Board.

- 1) Water supply.
- 2) Waste disposal system.
- 3) Storm water runoff.
- 4) Shoreline.
- 5) Structure.
- 6) Accessory Structure.
- 7) Lot Dimensions; Minimum of two (2) acres.
- 8) Setback requirements; Minimum of two hundred fifty (250) feet of road frontage, one hundred (100) feet front setback from right of way, fifty (50) feet for side and rear setback.
- 9) Energy Distribution Facilities.
- 10) Any term used in this local law which is not defined hereinabove shall carry its customary meaning unless the context otherwise dictates.

The following shall be exempt from site plan review:

- 1) Construction of one- or two-family dwelling and ordinary accessory structures,(garages and structures less than 1000 sq. ft. etc.) and related land use activities.
- 2) Landscaping or grading which is not intended to be used in connection with a land use reviewable under the provisions of this local law.
- 3) Ordinary repair or maintenance or interior alterations to existing structures or uses.
- 4) Agricultural or gardening uses.
- 5) Sale of agricultural produce and temporary structures related to sale of agricultural produce.

6) Garage, lawn and porch sales.

7) Annual Bouckville-Madison Antique show and display.

Any person uncertain of the applicability of this local law to a given land use activity may apply in writing to the Planning Board for a written determination.

2.1 Effect on existing uses. This law does not apply to uses and structures which are lawfully in existence as of the date this local law becomes effective. Any use or structure shall be considered to be in existence provided the same has been substantially commenced as of the effective date of this local law.

2.2 Relationship of this law to other laws and regulations. This local law in no way affects the provisions or requirements of any Federal; New York State, including New York State Environmental Quality Review Act (SEQRA), Madison County and other government regulations. Referral shall be made to the Madison County Planning Board in accordance with General Municipal Law Section 239-m and the Town of Madison Comprehensive Plan. Where this local law is in conflict with any other such law or regulation, the more restrictive shall apply.

2.3 Definitions. As used in these regulations , the following terms shall have the meanings as indicated.

ABOVEGROUND TANK --- Any stationary tank, which is not covered with earth or other backfill material.

ACCESSORY BUILDING --- A structure detached from and subordinate to a principal building on the same lot which is used for purposes incidental to those of the principal building or use.

ACCESSORY USE ---- A use incidental and subordinate to the principal use.

AESTHETICS – Architectural design including building location, dimensions, topography at appropriate contour levels, parking lot placement, retaining walls, outdoor storage tanks, fences, signs and arrangements for site access and egress as well as pedestrian and vehicle movement. Aesthetics also includes general landscaping plan including treatment of buffer areas and location and types of trees and shrubs to be planted.

AIRPORT ---- A facility for the landing, takeoff, storage and repair of fixed and rotary winged aircraft.

ALTERATION – Structural or physical change.

AMUSEMENT FACILITY ---- Indoor facility open to the public, such as theaters, ice rinks and bowling alley.

CAR WASH ---- A structure used principally for the cleaning, washing, polishing or waxing of motor vehicles.

COMMERCIAL/RETAIL — Enclosed and non-enclosed restaurant(s), store(s) for sale of retail goods, personal service shop and department store(s); includes any drive-up service, gasoline service and motor vehicle repair service, new and used car sales and service, trailer and mobile home sales and service. Enclosed/non-enclosed machinery and transportation equipment sales and service - repair. Freight or trucking terminal, Lumber/Contractor's yard or any accessory structures or uses associated with the above.

DUMP ---- Any area used for disposal of garbage, sewage trash, refuse, junk, discarded machinery and automobiles.

FUNERAL HOME ---- A building or part thereof used for human funeral services

Energy Distribution Facilities --- Includes location, design and construction materials of energy distribution. Electric - including exterior lighting and location, (parking lots and signs), heating, cooling systems and solar energy

GENERAL SERVICES ---- Facilities providing secretarial services, computer repair, office equipment, lawn mower repair and similar services.

HOSPITALS ---- As defined by Public Health Law 2801.

JUNKYARD, AUTOMOBILE ---- Any area used for the storage of inoperable or salvage automobiles. Includes dismantling of automobiles for sale of salvaged parts.

LANDFILL ---- Any area for the deposit of refuse or dumping.

INDUSTRIAL: Enclosed/non-enclosed manufacturing industries, warehouse or Public Utility. Enclosed/non-enclosed industrial processing service and produce packaging firm.

LOT — Land occupied or which may be occupied by a building and its accessory uses, together with such open spaces as are required, having not less than minimum area, width and depth required for a lot in the district in which such land is situated and having frontage on a street or other means of access as may be determined by the Planning Board to be adequate, as a condition of issuance of a building permit for a building.

SELF STORAGE COMMERCIAL ---- A building or group of buildings in a controlled access and fenced compound that contains individual compartmentalized stalls or lockers for storage of customer's goods.. Fence shall be constructed of non-transparent material of sufficient height to obscure the view.

SHORE LINE -- Is measured by the high water mark of any lake, pond, river or permanent stream.

SIGN OR BILLBOARD -- A sign which directs attention to a business or industry and includes professional services, commodities and entertainment.

STOP WORK ORDER ---- An order issued which requires that all construction activity on a site be stopped.

STORM WATER RUNOFF—Water generated by rain or snow melt.

STRUCTURE — Anything constructed or erected, the use of which requires attachment to the ground by means of a footing, support or anchor, having not less than the minimum width, depth and height acceptable to the Planning Board and local codes, but not including ground-level patios and terraces without roofs or walls, driveways, sidewalks or other similar installations.

WATER – Potable water, public or private, includes volume and location.

WASTE DISPOSAL – Septic system, private or municipal sewer, includes capacity and flow direction.

Article III

Site plan review

Section 3.0 Procedures. Prior to undertaking any new land use activity except for a one- or two-family dwelling and other uses specifically excepted in section 2.0 of this local law, a site plan approval by the Planning Board is required. Applicants for site plan approval should follow the recommended procedures

related to the sketch plan conference as hereinafter set forth. Applicants must comply with all other procedures and requirements of this local law.

3.1 Sketch plan. A sketch plan conference shall be held between the Planning Board and the applicant prior to the preparation and submission of a formal site plan. The intent of such a conference is to enable the applicant to inform the Planning Board of his/her proposal prior to the preparation of a detailed site plan and for the Planning Board to review the basic site design concept, advise the applicant as to potential problems and concerns, and to generally determine the information to be required on the site plan. In order to accomplish these objectives, the applicant shall provide the following:

- 1) A statement and rough sketch showing the locations and dimensions of principal and accessory structures, parking areas, access signs (with descriptions), existing and proposed vegetation, and other planned features; anticipated changes in the existing topography and natural features; and, where applicable, measures and features to comply with flood hazard and flood insurance regulations.
- 2) An area map showing the parcel under consideration for site plan review, and all properties, subdivisions, streets, rights-of-way, easements and other pertinent features within two hundred (200) feet of the boundaries of the parcel.

3.2 Application requirements. An application for site plan approval shall be made to the Planning Board and shall be accompanied by information contained on the following checklist. Where the sketch plan conference was held, the accompanying information shall be drawn from the following checklist as determined necessary by the Planning Board at said sketch plan conference.

Site plan checklist:

- 1) Title of drawing, including name and address of applicant and person responsible for preparation of such drawing.
- 2) North arrow, scale and date.
- 3) Boundaries of the property plotted to scale.
- 4) Existing buildings.
- 5) Grading and drainage plan.
- 6) Location, design, type of construction, proposed use and exterior dimensions of all buildings.
- 7) Location, design and type of construction of all parking and truck loading areas, showing access and egress.
- 8) Provision for pedestrian access.
- 9) Location of outdoor storage, if any.
- 10) Location, design and construction materials of all existing or proposed site improvements, including drains, culverts, retaining walls and fences.
- 11) Description of the method of sewage disposal and location, design and construction materials of such facilities.
- 12) Description of the method of securing public water and location, design and construction materials of such facilities.
- 13) Location of fire and other emergency zones, including the location of fire hydrants.
- 14) Location, design and construction materials of all energy distribution facilities, including electrical, gas and solar energy.
- 15) Location, size and design and type of construction of all proposed signs. Maximum allowable size ; ten(10) feet by twelve(12)feet.
- 16) Location and proposed development of all buffer areas, including existing vegetative cover.
- 17) Location and design of outdoor lighting facilities.
- 18) Identification of the location and amount of building area proposed for retail sales or similar commercial activity.
- 19) General landscaping plan.
- 20) Estimated project construction schedule.
- 21) Identification of any permits from other governmental bodies required for the project's execution.
- 22) Record of application for and status of all necessary permits from other governmental bodies.
- 23) Compliance with State Environmental Quality Review Act (SEQRA).
- 24) Other elements integral to the proposed development as may be considered necessary in the particular case by the Planning Board.

3.3 Required fee. An application for site plan review shall be accompanied by a fee of \$250.00.

3.4 Reimbursable costs. With prior approval from the applicant cost incurred by the Planning Board for consultation fees or other extraordinary expenses in connection with the review of a proposed site plan shall be charged to the applicant. When an EIS is required cost will be determined by 6NYCRR part 617.13. Refusal by the applicant would be grounds for disapproval of the application.

Article IV

Review standards

Section 4.0 General standards and considerations. The Planning Board's review of the site plan shall include, as appropriate, but is not limited to, the following general considerations:

- 1) Location, arrangement, size, design and general site compatibility of buildings, lighting and signs.
- 2) Compliance with minimum lot size and setback distances.
- 3) Adequacy and arrangement of vehicular traffic access and circulation, including intersections, road widths, pavement surfaces, dividers and traffic controls.
- 4) Location, arrangement, appearance and adequate off-street parking and loading.
- 5) Adequacy and arrangement of pedestrian access and circulation, walkway structures, control of intersections with vehicular traffic and overall pedestrian convenience.
- 6) Adequacy of storm water and drainage facilities.
- 7) Adequacy of water supply and sewage disposal facilities.
- 8) Adequacy, type and arrangement of trees, shrubs and other landscaping constituting a visual and/or noise buffer between the applicant's and adjoining lands, including the maximum retention of existing vegetation.
- 9) Adequacy of fire lanes and other emergency zones and the provision of fire hydrants.
- 10) Adequacy and impact of structures, roadways and landscaping in areas with susceptibility to ponding, flooding and/or erosion.
- 11) Overall impact on the neighborhood including compatibility of design consideration.
- 12) Location and type of display signs.

4.1 Specific standards. The following specific standards shall apply in conjunction with the subject uses or in the designated areas.

Article V

Shoreline standards and Setback requirements for Commercial development on Lake Moraine and Madison Lake.

Section 5.0 General Standards.

- 1) All commercial construction on any shoreline lot shall be carried out in such manner as to minimize interference with the natural course of such waterway, to avoid erosion of the shoreline, to minimize increased runoff of ground and surface water into the waterway, to remove only that vegetation which is necessary to the accomplishment of the project, and to maintain the existing aesthetic and ecological character of the shoreline.
- 2) Compliance with minimum structural setback of two hundred (250) feet from the line or edge of public right of way.
- 3) Side and rear setback of fifty(50) ft. from boundary line.
- 4) No on-site sewage tile field or seepage pit shall be located within two hundred (200) feet of any shoreline and no septic or other holding tank shall be located within two hundred (200) feet of any shoreline, as measured from the normal high water mark of the water body or an appropriate distance as determined by the Planning Board.
- 5) Any pump-out or other connection to provide for the accommodation of sanitary wastes shall be connected to an adequate disposal system.
- 6) Any marina, boat service facility or any storage of petroleum products within two hundred (250) feet, or

a reasonable setback as determined necessary by the Planning Board, of the shoreline shall include adequate provisions for insuring that any leak, rupture or spill will be contained and not be introduced into or affect the adjacent waterway. Tanks shall be enclosed in an additional container equal to or greater in volume to the storage tank to contain any potential runoff or leakage. Containment unit shall be provided with an adequate cover to prevent accumulation of environmental contaminates.

7) Any paved or otherwise improved parking, loading or service area within two hundred (200) feet of any shoreline shall be designed and constructed so as to minimize surface runoff and the entrance of any chemical pollutants or earthen siltation into the waterway.

8) Any accessory structure constructed in or near a residential area or shoreline shall not exceed two thousand (2000) square feet, or an height of eighteen (18) feet.

9) Minimum road frontage cannot be less than two hundred (250) feet.

10) Industrial development is prohibited on any shoreline.

Article VI

Public hearing and Planning Board decision.

Section 6.0 Public hearing. The Planning Board may conduct a public hearing on the site plan if considered desirable by a majority of its members. Such hearing shall be held within sixty-two (62) days of the receipt of application for site plan review and shall be advertised in the Town's official newspaper, or if there is none, in a newspaper of general circulation in the Town at least five (5) days before the public hearing. When referral is made to the Madison County Planning Department as required by section 239-m of the General Municipal Law, notice and information must be submitted ten (10) days prior to hearing.

6.1 Planning Board decision. Within sixty-two (62) days of receipt of the application for site plan approval or if a public hearing is held within sixty-two (62) days of public hearing, the Planning Board shall render a decision. In its decision the Planning Board may approve, approve with modifications or disapprove the site plan. The time period in which the Planning Board must render its decision can be extended by mutual consent of the applicant and the Planning Board.

6.2 Approval

1) Upon approval of the site plan by the Town of Madison Planning Board and when required the Madison County Planning Board and payment by the applicant of all fees and reimbursable costs due the town, the Planning Board shall endorse its approval on a copy of the site plan and shall immediately file it and a written statement of approval with the Town Clerk. A copy of the written statement of approval shall be mailed to the applicant by certified mail, return receipt requested.

2) Approval with modifications. The Planning Board may conditionally approve the final site plan. A copy of the written statement containing the modifications required by the conditional approval will be mailed to the applicant by certified mail, return receipt requested. After adequate demonstration to the Planning Board that all conditions have been met, and payment by the applicant of all fees and reimbursable costs due the Town, the Planning Board shall endorse its approval on a copy of the site plan and shall immediately file it and a written statement of approval with the Town Clerk. A copy of the written statement of approval shall be mailed to the applicant by certified mail, return receipt requested.

3) After Planning Board approval and the necessary permits have been obtained, building permits may be issued.

4) Disapproval. Upon disapproval of the site plan the decision of the Planning Board shall immediately be filed with the Town Clerk and a copy thereof mailed to the applicant by certified mail, return receipt requested, along with the Planning Board's reasons for disapproval.

5) After notice of disapproval is received, applicant may file a variance application with the Appeals Board for a further determination.

Article VII

Appeal of Planning Board decision.

Section 7.0 Appeal procedure. Any person aggrieved by any decision of the Planning Board, Appeals Board or any Officer or Department of the Town, may apply to the Supreme Court for a review by a proceeding under Article 78 of the Civil Practice Law and Rules. Such proceedings shall be instituted within thirty (30) days after the filing of a decision in the Office of the Town Clerk.

Article VIII

Application for Site Development Plan Approval.

Preliminary Date: _____

Name of proposed development or project. _____

- a) Number of units: _____
- b) Size (one bedroom, two bedroom or more): _____
- c) Number of parking spaces: _____
- 7) Non-residential buildings:
 - a) Total floor area: _____
 - b) Total sales area if applicable: _____
 - c) Number of parking spaces: _____
 - d) Additional structures: _____

Article VIII
Miscellaneous provisions

Section 9.0 Enforcement Officer. The Town Board may appoint an Enforcement Officer to carry out the duties assigned by this local law or by any additional regulations adopted pursuant to section 7.0 hereof. If appointed, the Enforcement Officer shall be responsible for the overall inspection of site improvements including coordination with the Planning Board and other officials and agencies, as appropriate.

9.1 Further regulations. The Planning Board may; after approval from the Town Board and public hearing, adopt further rules and regulations necessary to carry out the provisions of this local law.

9.2 Amendments.

- 1) The Town Board may on its own motion, on petition, or on recommendation of the Planning Board, after public notice and hearing, amend this local law pursuant to all applicable requirements of law.
- 2) All proposed amendments originating by petition, or by motion of the Town Board, shall be referred to the Planning Board for a report and recommendation thereon. The Planning Board shall submit its report within thirty (30) days after receiving such referral. Failure of the Planning Board to report within the required time shall be deemed to constitute a recommendation for approval of the proposed amendment.

9.3 Integration of procedures. Whenever the circumstances of proposed development require compliance with this Site Plan Review Law and with any other local law, ordinance or requirement of the Town, the Planning Board shall attempt to integrate, as appropriate, site plan review as required by this local law with the procedural and submission requirements for such other compliance.

9.4 Severability. The provisions of this local law are severable. If any article, section, paragraph or provision of this local law shall be invalid, such invalidity shall apply only to the article, section, paragraph or provision(s) adjudged invalid, and the rest of this local law shall remain valid and effective.

Article X
Enforcement

1.0 Enforcement. Any person, corporation, partnership, association of other legal entity who shall violate any of the provisions of this local law, or any conditions imposed by a permit pursuant hereto shall be guilty of an offense and subject to a fine of not more than three thousand dollars (\$3000.00) or by penalty of three thousand dollars (\$3000.00) to be recovered by the Town in a civil action. Every such person or entity shall be deemed guilty of a separate offense for each week such violation, disobedience, omission, neglect or refusal shall continue.
